GRAND CAYMAN

A SPECIAL ADVERTORIAL SUPPLEMENT OF

M A G A Z I N E

Since the turn of the decade, Cayman has been in an accelerated period of growth, renovation, and innovation. A returning visitor who has been away would marvel at The Ritz-Carlton, the changing landscape of Seven Mile Beach, our modern road structure, and, of course, the new jewel of the island, Camana Bay.

But it's not only our infrastructure. Nearly all businesses – from supermarkets to banks to law firms – regularly remake and upgrade

the products and services they offer.

In January 2017, *Grand Cayman Magazine* will publish a special advertorial supplement that will offer forward-thinking companies an opportunity to share with their potential customers and clients their updated and upgraded offerings.

We invite you to participate in this beautiful and informative supplement which will be published in Grand Cayman's most-beautiful magazine – *Grand Cayman*.
